

2023:Version 1

ELV declaration

Polyethylene Relene 54GC016

- This is to inform you that, ELV is end of life of vehicle, when life of vehicle ends, all the parts of vehicles are shredded. As per European regulations (2000/53/EC) after shredding 80% of the material should be recyclable. Hence, the grade meets the criteria for ELV.
- Products made out of the grade are 100 % recyclable.

This is applicable to the material as it leaves the production facilities and does not include any substance subsequently added by the converter or any other agency.
