

Mattresses with 'Recron[®] Fibrefill gives your body great support, making you feel completely relaxed and cosy. These mattresses are neither hard nor soft. They also do not form lumps and lose shape, unlike cotton and other fibres.

What's more! They are also more hygienic, as they don't support the growth of allergy causing dustmites, fungus and bacteria.

Essentially, mattresses can be filled with three types of Recron[®] Fibrefill:

- **15 denier Hollow Non-Siliconised (hard, box type mattress)**
- **15 denier Hollow Non-Siliconised (hard folding type mattress)**
- **6 denier Hollow siliconised (soft baby type mattress)**

It comes in sizes of 72x36x4 (box type) ,72x36x2 (folding type) and 30x30x2 inches (baby size), with filling a capacity of 10.5, 5.5 and 2 kgs, respectively.

Please Note:

Usually 51mm or 64mm fibres are used except for machine blown filling, where 32mm fibres are recommended.

The filling weight required with Recron[®] Fibrefill is 70% of cotton filling.
