

Quilts filled with Recron[®] Fibrefill battings do not tend to lump or shift. They also provide better air circulation are moisture and mildew resistant.

Plus, they are 35% lighter than cotton and other fibres making you feel cosy and snug. What's more! They can also be safely machine washed and dried.

Quilts can be filled with two types of Recron[®] Fibrefill:

- **6 Denier Hollow Siliconised** (soft and silky)
- **6 Denier Hollow Non-Siliconised** (soft and firm)

The common sizes are 90x60 inches with a filling quantity of 2 kgs.

Please Note:

Usually 51mm or 64mm fibres are used except for machine blown filling, where 32mm fibres are recommended.

The filling weight required with Recron[®] Fibrefill is 70% of cotton filling.
