The Company strongly believes that effective familiarisation programme helps the Independent Directors, not only to have greater insight into Company's business but also contribute effectively in decision making at Board / Committee meetings.

Considering that 'Reliance' is a diversified group having interests in various businesses, spread across the globe, it is important that the Independent Directors are well versed with the business and all the related activities including but not limited to the nature of industry, products, markets, operations, subsidiaries and its businesses, policies, regulatory aspects affecting the Company, etc. This is achieved through a structured familiarisation plan. Certain programme activities are merged with the Board/Committee meetings for the convenience of the directors. Also, individual programs are conducted separately for them as per the requirement.

The Company has a familiarisation programme for the new directors which involves plant visit, apprising about manufacturing process, industry dynamics, global business scenario and regulatory framework for the industry, etc. The familiarisation programmes for the Independent Directors are prepared after assessment of requirement, in consultation with each Independent Director. Need for familiarisation is also identified through Directors' performance evaluation process. Familiarisation is achieved through broad-based engagement, under which various business heads and functional heads (including those of operating subsidiaries) are invited for one-on-one interaction with the Independent Directors.
2. As part of familiarisation programme, in 2016-17, the Independent Directors were given presentations on Hedging Operations concerning Commodity and Forex, updates on capital expenditure as regards ongoing refinery and petrochemicals expansion projects and performance of major subsidiaries. Also presentations were given to independent directors in various meeting on media business and telecommunication business. This is besides regular updates on
