You need to move a little faster: HC to Centre

Delhi HC High Court bench on Friday said the Centre was failing to take action regarding the manufacture of vaccines in India, which is going on at a slow pace. The court observed that the Centre was failing to act promptly in this matter. The court directed the Centre to consider this issue as a matter of urgency.

The bench observed that there was a delay in the supply of vaccines and the Centre was not taking adequate steps to ensure a smooth supply of vaccines. The court directed the Centre to act promptly and take necessary steps to ensure a smooth supply of vaccines.

The court also directed the Centre to ensure that there is no delay in the supply of vaccines and that the Centre takes adequate steps to ensure a smooth supply of vaccines.

The Centre was directed to submit a report to the court within two weeks, stating the steps taken to ensure a smooth supply of vaccines.
US Announces, Then Suspends Punitive Tariff on India, Others

US imposition of 25% tariffs on $5.4 billion worth of goods from India, China and Other Countries

New Delhi: In a dramatic about-face, the US announced it will suspend the punitive tariff on $5.4 billion worth of goods from India, China and other countries, which had been imposed by the US on June 18. The announcement comes after the US received assurances from India, China and other countries that they would take steps to reduce the trade deficit with the US.

The announcement was made by US President Donald Trump, who said the US will suspend the tariffs on $5.4 billion worth of goods from India, China and other countries for 90 days. Trump said the US will work with India, China and other countries to reduce the trade deficit with the US.

The US had imposed 25% tariffs on $5.4 billion worth of goods from India, China and other countries on June 18, as part of its efforts to reduce the trade deficit with the US. The tariffs were imposed on a wide range of goods, including aircraft, machinery, and medical equipment.

The US had announced the tariffs to protest what it perceived as unfair trade practices in China, India, and other countries. The US had also imposed tariffs on $50 billion worth of Chinese goods in March 2018, which led to a trade war between the US and China.

The announcement by the US comes after India, China and other countries had assured the US that they would take steps to reduce the trade deficit with the US. The US had also announced a reset of its relationship with China, which had been tense due to the trade war.

The US has been pushing for a reduction in the trade deficit with China, which has been growing in recent years. The US has been working with China to reduce the trade deficit, and the tariffs imposed on Chinese goods had been seen as a way to achieve this goal.

The announcement by the US is likely to be welcomed by India, China and other countries, which had been concerned about the tariffs imposed by the US. The announcement comes at a time when the US and China are trying to reach a trade deal, which would reduce the trade deficit between the two countries.
