2. Dividend

2.1 What are the modes by which the dividend is paid?
Dividend is paid under four modes, viz.:
(a) National Automated Clearing House (NACH)
(b) National Electronic Fund Transfer (NEFT)
(c) Direct Credit to shareholders’ account by bank
(d) Physical despatch of Dividend Warrant

2.2 What is National Automated Clearing House (NACH)?
The National Payments Corporation of India (NPCI) has implemented an electronic payment service termed as “National Automated Clearing House (NACH)” for banks, financial institutions, corporates and government departments. It is a centralised system, launched with an aim to consolidate multiple Electronic Clearing Systems running across the country, and has both Debit and Credit variants. NACH aims at facilitating inter-bank, high volume, debit/credit transactions, which are bulk and repetitive in nature. NACH system covers several Core Banking enabled banks spread across the geography of the country irrespective of the location of the bank branches.

2.3 What is NACH Credit for payment of dividend and how does it operate?
NACH Credit is an electronic payment service used for affording credits to a large number of beneficiaries in their bank accounts for the payment of dividend by raising a single debit to the bank account of the user entity. NACH operates on the principle of single debit to the sponsor bank’s account and multiple credits to different destination banks’ accounts.

2.4 What are the benefits of NACH (payment through electronic facilities)?
Some of the major benefits are:
(a) Investor need not make frequent visits to his bank for depositing the paper instruments.
(b) Prompt credit is given to the bank account of the investor through electronic clearing.
(c) Fraudulent encashment of warrants is avoided.
(d) Exposure to delays/loss in postal service are avoided.

2.5 How to avail of NACH facility?
Investors holding shares in physical form may send their NACH Mandate Form, duly filled in, to the Company’s R&TA. The Form may be downloaded from the “Downloads” section under the “Investor Relations” dropdown on the Company’s website, www.ril.com.

However, if shares are held in dematerialised form, NACH Mandate has to be filed with the concerned DP directly, in the format prescribed by the DP.

Investors must note that NACH essentially operates on the new and unique bank account number, allotted by banks post implementation of Core Banking Solutions (CBS) for centralized processing of inward instructions and efficiency in handling bulk transactions.

In this regard, shareholders are requested to furnish their new bank account number allotted by the banks post implementation of CBS, along with a cancelled cheque pertaining to the concerned account:
(a) to the R&TA of the Company in case the shareholders hold shares in physical form; and
(b) to the concerned DP in case the shareholders hold shares in demat form.

2.6 Can investors opt out of NACH facility?
Investors have a right to opt out from this mode of payment by giving an advance notice of four weeks, prior to payment of dividend, either to the Company’s R&TA or to the concerned DP, as the case may be.

2.7 What is payment of dividend through NEFT facility and how does it operate?
NEFT is a nation-wide payment system facilitating electronic transfer of funds from one account to another. Dividend payment through NEFT denotes payment of dividend electronically through RBI clearing to selected bank branches which have implemented Core Banking Solutions (CBS). This extends to all over the country, and is not necessarily restricted to the designated centres where payment can be handled through Electronic Clearing System. To facilitate payment through NEFT, the shareholder is required to ensure that the bank branch where his/her account is operated, is under CBS. The shareholders shall also ensure that particulars of the updated bank account are registered with the Company’s R&TA in case shares are held in physical form and with the concerned DP in case shares are held in demat form.

2.8 What is payment of dividend through direct credit and how does it operate?
The Company appoints a bank as its Dividend Banker for distribution of dividend. The said Banker carries out direct credit to those investors who are maintaining accounts with the said Bank, provided the bank account details are registered with the DP for dematerialised shares or with the Company’s R&TA prior to the payment of dividend for shares held in physical form.

2.9 What should a shareholder do in case of non-receipt of dividend?
Shareholders should write to the Company’s R&TA, furnishing the particulars of the dividend not received, quoting the folio number / DP Id and Client Id particulars, as the case may be and provide bank details along with cancelled cheque bearing the name of the shareholder for updation of bank details and payment of unpaid dividend. The R&TA would request the concerned shareholder to execute an indemnity before processing the request. As per a circular dated April 20, 2018 issued by SEBI, the unencashed dividend can be remitted by electronic transfer only and no duplicate dividend warrants will be issued by the Company. The shareholders are advised to register their bank details with the Company / R&TA or their DPs, as the case may be, to claim unencashed dividend from the Company.

2.10 Why shares should be transferred before the Book Closure / Record Date fixed for dividend payment?
The dividend on shares lying in the clearing account of the brokers cannot be made available to the members directly by the Company. In case an investor has bought any shares, he must ensure that the shares are transferred to his demat account before the Book Closure/Record Date.
In case share are not transferred by the stock broker in the demat account of the client, it means the shares are lying in client margin account of the broker maintained by the broker. The broker is liable to pay the amount of dividend received by him to the client in such case.
