Centre trying to loot people on vaccines: AAP

TIMES NEWS NETWORK

New Delhi: Aam Aadmi Party MLA Raghav Chadha on Friday said while government-run Covid-19 vaccination centres had become non-functional due to shortage of vaccines, the private-run vaccination centres were running at full capacity and had lakhs of vials at their disposal. The BJP-led central government is trying to loot the citizens by forcing them to take vaccines from private centres at much higher prices, he alleged.

In a press conference, Chadha said a family of five members would have to shell out a minimum of Rs 10,000-15,000 if they took both doses at private centres. "The central government is diverting the vaccines from the state governments to private vaccination centres. A full-scale scam appears to be running in this nation in the garb of the vaccination programme," claimed Chadha.

The MLA said the Centre should explain how many doses of vaccines had been allotted by the central government to the private hospitals. "Why is the Centre not providing adequate vaccines to states? Why is the central government creating an artificial scarcity in the government sector?" Chadha asked, urging the Centre to respond to his questions.

Raghav Chadha

AAP MLA Atishi in a separate press conference said that the vaccination programme was suffering due to shortage of vaccines. "A lot of vaccines are available in the international market, which have not been approved by the centre yet, but are approved by the WHO. It is clear that the Centre is trying to favour Bharat Biotech and Serum Institute of India to fabricate the issue of shortage of vaccines. Had the Centre approved these vaccines before, so many lives would have been saved in the second wave," Atishi alleged.

"This is when both of them do not have enough manufacturing capacity to make doses enough for the entire population of India. Even then they are not approving other vaccines in the international market. They refuse to import these vaccines in India. The Centre must answer today that what kind of a scam are they playing, why is there such unreasonable favour for these two manufacturers," she further alleged.

Delhi BJP spokesperson Praveen Shankar Kapoor said AAP's allegations were unfounded as no scarcity of vaccine had been created by the central government. AAP leaders should know that SII and Bharat Biotech don't stand to gain by scarcity because scarcity may pave the way for entry of foreign manufacturers, he added.

"Arvind Kejriwal government failed to buy vaccines as it did not place order in advance while other states did it," said Kapoor.

Apollo Hospital first in city to administer antibody cocktail

TIMES NEWS NETWORK

New Delhi: Apollo Hospital in the city claimed to have become the first to administer Roche's antibody cocktail to a patient with a high risk from Covid-19. The antibody cocktail was administered to a 65-year-old man who responded well and was discharged after an hour of observation. It was administered to patients with mild and moderate Covid and at high risk of developing severe Covid, officials said.

The antibody cocktail was launched on May 24 in India by Roche after receiving Emergency Use Authorisation from Central Drugs Standards Control Organisation.

Dr Anupam Sibal, group medical director, Apollo Hospitals, said that "monoclonal antibodies bind to and 'neutralise' the SARS-CoV-2 virus." "We are confident that this treatment option will significantly boost our efforts to bring the pandemic under control and will help prevent progression of the disease in those with mild to moderate Covid-19."

Dr Rajesh Chawla, senior pulmonologist, Indraprastha Apollo Hospitals, says that the reason why this therapy is termed as an antibody cocktail is because it comprises a mixture of more than two biological drugs that mirror the human antibodies in the immune system, which consequently help fight the infection, similar to the natural antibodies produced when one gets infected with Covid.

'BJP states opposed Covid tax relief'

New Delhi: Deputy chief minister Manish Sisodia said on Friday that many finance ministers of BJP-led states strongly protested the proposal put up by Delhi to make essential coronavirus supplies tax-free. The GST Council, which met on Friday for its first meeting in nearly seven months, left taxes on Covid-19 vaccines and medical supplies unchanged, but exempted duty on import of a medicine used for treatment of black fungus.

"Punjab, West Bengal, Kerala and many other states also did the same," he said. "However, finance ministers from the BJP strongly protested against it." PTI

HC takes note of PIL on vax for kids

New Delhi: Delhi High Court on Friday issued notice to the Centre and the AAP government on a PIL for immediate Covid-19 vaccination of 12 to 17-year-olds on the ground that there was an apprehension that a likely third wave could affect them more.

A bench of Chief Justice D N Patel and Justice Jyoti Singh listed the plea for June 1 along with another similar plea.

The petition has also sought priority in vaccination to parents of children up to 17 years as several kids were orphaned after their parents succumbed to Covid during the second wave. It submitted that, according to the data of number of people infected between April 2021 and May 2021, the reported cases where children were infected "had risen tremendously" than last year. TNN

GLOBAL TENDER FOR 1 CRORE VAX DOSES

Delhi Govt Targets Delivery In Staggered Manner

Rajesh Mehta

AlokKNMishra@timesgroup.com

New Delhi: Delhi government has floated a global tender to buy 1 crore doses of Covid-19 vaccines from international manufacturers to tide over the acute vaccination shortage the capital is facing. The vaccination of young people (18-44 age group) has been on hold for the past five days due to shortage. Covaxin is not available with Delhi government for people aged 45 years and above.

According to a tender floated by the health department, the government wants the vaccines to be delivered to it in a staggered manner within 45 days from the award of the tender. It wants the first supply within seven days and the second consignment within eight to 15 days. The vaccines need to have the approval of the drugs controller general of India. The government will not buy vaccines from manufacturers belonging to countries sharing border with India like China, Pakistan and Bangladesh.

The tender was uploaded on the government's website on Friday and also published in newspapers.

Sharing vaccination bulletin on Friday, Aam Aadmi Party MLA Atishi said that for the fifth consecutive day youth had not been vaccinated in government schools and added that people were forced to get vaccinated at private hospitals at expensive rates. "Vaccine doses for the youth are not being supplied to state governments, including Delhi government," said Atishi asking why there is no shortage of vaccines in private hospitals administering vaccines at expensive prices. Vaccination in government-run centres is free.

Due to lack of vaccines, only 39,020 people were vaccinated on Thursday. Until recently, over 1 lakh people were getting vaccinated in the capital. "Due to better vaccination process in Delhi, youngsters from NCR, including Noida, Ghaziabad and Gurgaon, also got vaccinated till a few weeks ago. Forty-two per cent of people aged 45 years and above have been vaccinated, but now, the vaccines are not available. We would like to appeal to the central government to provide vaccines to the youth of Delhi at the earliest," Atishi said.

"We do not have any clarity on how many doses will be supplied to us in the near future. Vaccination is the only way to combat the virus, and Delhi has faced the most hardships because of the pandemic. Hence, it is our appeal to the Centre to make vaccines available at the earliest for the people of Delhi," Atishi said.

ON FAST TRACK: Delhi government wants the first supply within seven days and the second consignment within eight to 15 days

24x7 drive-in vax sessions at Noida hospital from today

Snehil.Sinha@timesgroup.com

Noida: A private hospital in Noida will on Saturday start a 24x7 drive-through vaccination session site. Felix Hospital in Sector 137 will also set up a 24-hour walk-in camp — a first in the city — and a pre-registered vaccine centre near the compound.

At all three centres, Covishield will be administered to recipients aged over 18 years. Other than the three sites, the hospital has also partnered with RWAs to set up paid vaccine camps at various residential sectors and with corporate houses to inoculate their employees in offices. Officials at Felix said they aimed at vaccinating 10,000 people daily.

A recipient taking a jab in at a camp in a housing society will have to pay Rs 1,050 for each shot. Those being vaccinated at the walk-in and pre-registered centres will have to pay Rs 900. The cost of each shot at the 24x7 drive-through site will be Rs 1,000. This will be India's first 24-hour functional drive-through vaccination centre, according to officials.

"We will set up vaccine camps at various societies, residential sectors and corporate companies in Noida. The hospital will also provide a free full body checkup at these places. The aim is to inoculate more than 10,000 people every day for maximum coverage in the district," said Dr DK Gupta, chairperson of Felix Hospital.

Sushil case: Crime Branch arrests two more suspects

TIMES NEWS NETWORK

New Delhi: Delhi Police's Crime Branch has made two more arrests in the murder case of a wrestler in which two-time Olympic medallist Sushil Kumar is the prime accused. The two have been identified as Rohit Karoria and Vijender, who are also wrestlers.

Till now, nine of the 11 accused have been arrested. According to police, Kumar was accompanied by at least 10 people who have been identified.

The cops have also stumbled upon videos allegedly shot by Kumar's associate on the night of the murder. Not only victim Sagar Dhankad but Kumar had also assaulted two of his friends, Sonu Mahaal and Amit, that night. Mahaal, who is learnt to have gone underground, is a relative of gangster Kala Jathedi. Mahaal has 19 criminal cases against him.

Jathedi, who is currently based in Dubai, has a reward of Rs 7 lakh on him. He has been involved in large-scale capture of disputed properties in Delhi through Mahaal and others. Kumar had joined hands with Jathedi three years ago but fell out with him two months ago after a dispute over a property in Model Town. Kumar then reportedly joined hands with jailed gangsters Neeraj Bawana and Naveen Bali.

Meanwhile, cops have arrested another wrestler involved in a case of house robbery. The suspect, Manjeet Luhar, has multiple cases of carjacking etc against him.

Cops have also stumbled upon videos allegedly shot by Kumar's associate on the night of the murder

According to DCP (Dwarka) Santosh Meena, the accused was arrested from Najafgarh. "In 2010, he had won the gold medal in the 55kg weight category in a junior national wrestling event. After that, he fell in bad company and started committing crime," he said.

Luhar told police that he had snatched a car at gunpoint in 2012 in Haryana and was arrested for the first time in 2013. He was arrested again in 2019 in three carjacking cases in Gurgaon and Kapashera.

"He came out of jail in February 2021 and took to crime again. He started bootlegging by supplying illegal liquor from Haryana to Delhi along with his associate," Meena said.

Media trial? HC refuses to entertain plea

New Delhi: Delhi High Court on Friday refused to go into allegations of "media trial" against wrestler and Olympic medallist Sushil Kumar, saying let the affected person come if he has a grievance. It declined to entertain a plea to restrain the media from "sensationalising" the case of the death of a 23-year-old man where Kumar is an accused.

A bench of Chief Justice DN Patel and Justice Jyoti Singh said the petition had been filed on behalf of a "vigilant person" claiming that the media had defamed Kumar.

"You cannot file a PIL for an individual. We see no reason to entertain litigation on behalf of a vigilant person," the court said and disposed of the plea by a law student who argued that Kumar's career and reputation had been damaged by the media's reporting of the case against him in connection with the Chhatrasal Stadium brawl that led to the death of the 23-year-old man.

Kumar and his associates allegedly assaulted wrestler Sagar Dhankar (23) and two of his friends, Sonu and Amit Kumar, at the stadium on the intervening night of May 4 and 5. Sagar succumbed to the injuries later, said police. TNN
