

MEDIA RELEASE

JIO TRUE 5G LAUNCHED IN BENGALURU & HYDERABAD

- JIO TRUE 5G TO BE AVAILABLE IN BENGALURU & HYDERABAD FROM 10TH NOVEMBER '22
- INVITED 'JIO WELCOME OFFER' USERS TO GET UNLIMITED 5G DATA WITH UPTO 1 Gbps+ SPEEDS

Mumbai, 10th November 2022: Post the successful Beta-launch of Jio True-5G services in six cities, namely, Mumbai, Delhi, Kolkata, Chennai, Varanasi and Nathdwara, Jio is extending Jio True-5G's reach across more cities, namely **Bengaluru & Hyderabad**. JioTrue5G, in these two tech-centric cities will help realize the true potential of some of the latest technologies that will serve humanity and improve the quality of life of Indians.

Being a customer-obsessed organization, Jio is rolling out its advanced True-5G services in a phase-wise manner, to ensure the best customer experience. JioTrue5G is already being experienced by Lakhs of users across six cities, response to which is extremely positive and reassuring. Customer insights and feedback is helping Jio build, what is, and will be, the most advanced 5G network globally.

Jio users are experiencing speeds anywhere between 500 Mbps to 1 Gbps on their smartphones and are using very high quantities of data, seamlessly, thanks to Jio True-5G's three-fold advantage that makes it **the only TRUE 5G network in India:**

1. **Stand-alone 5G architecture** with advanced 5G network with Zero dependency on 4G network.
2. **The largest and best mix of 5G spectrum** across 700 MHz, 3500 MHz, and 26 GHz bands.
3. **Carrier Aggregation** that seamlessly combines these 5G frequencies into a single robust "data highway" using an advanced technology called Carrier Aggregation.

Starting 10th November, Jio users in Bengaluru and Hyderabad will be invited to the Jio Welcome Offer, to experience Unlimited Data at up to 1 Gbps+ speeds, at no additional cost.

About Reliance Jio Infocomm Limited:

Reliance Jio Infocomm Limited, a subsidiary of Jio Platforms Limited, has built a world-class all-IP data strong future proof network with 4G LTE technology. The network is 5G ready with no legacy infrastructure and indigenous 5G stack. It is the only network conceived as a Mobile Video Network from the ground up. It is future ready and can be easily upgraded to support even more data, as technologies advance on to 6G and beyond.

Jio has brought transformational changes in the Indian digital services space to enable the vision of Digital India for 1.3 billion Indians and propel India into global leadership in the digital economy. It has created an eco-system comprising of network, devices, applications and content, service experience and affordable tariffs for everyone to live the Jio Digital Life.
