

PRESS RELEASE

Jio-bp launches its first *Mobility Station*

Jio-bp is introducing a network of Mobility Stations that offer:

- *Multiple fueling choices while providing a world-class retailing experience*
- *Additivised fuel across the network at no extra cost - first time in India*
- *EV charging infrastructure – across India*
- *An international on-the-move brand, Wild Bean Café*
- *Free, quick and reliable oil change service for 2 wheelers at Castrol Express Oil Change*

Mumbai, 26 October 2021: Reliance Industries Limited (RIL) and bp's fuel and mobility joint venture, Reliance BP Mobility Limited (RBML), today launched its first Jio-bp branded *Mobility Station* at Navde, Navi Mumbai, Maharashtra. Working in a challenging pandemic-affected environment, Jio-bp is bringing a network of world-class *Mobility Stations* offering multiple fuelling choices to the customers. While reimagining mobility solutions in India, the Jio-bp brand is poised to provide an unmatched and distinctive customer experience. The existing network of over 1400 fuel pumps will be rebranded as Jio-bp, presenting a new range of customer value propositions over the coming months.

India's market for fuels and mobility is rapidly growing. It is expected to be the fastest-growing fuels market in the world over the next 20 years. Jio-bp *Mobility Stations* are designed to help meet this growing demand and are ideally located to suit customer convenience. They bring together a range of services for consumers on the move – including additivised fuels, EV charging, refreshments & food, and plan to offer more low carbon solutions over time.

The joint venture is well-positioned to become a leader in fuels and mobility by leveraging Reliance's vast presence and deep experience in consumer businesses across India, with its hundreds of millions of customers in Jio and Reliance Retail, and bp's extensive global experience in high-quality differentiated fuels, lubricants, convenience and advanced low carbon mobility solutions.

Instead of regular fuels, Jio-bp *Mobility Stations* across the country will offer additivised fuel, at no extra cost. The fuel offering will contain internationally developed 'ACTIVE' technology, which forms a protective layer on critical engine parts to help keep the engines clean.

Jio-bp will also **set up a network of *EV Charging Stations* and *Battery Swap Stations*, at its *Mobility Stations*** and other standalone locations - *Mobility Points*. The joint venture aims to become a leading EV charging infrastructure player in India.

The heart of the **convenience offering** is making refreshments available to customers who are on the move, through the Wild Bean Café. The **24x7 Shop** has India's largest retailer, Reliance Retail as partner for daily need items, snacks and confectionery. **Wild Bean Café**, an international on-the-move brand by bp, will serve its signature coffee alongside a blend of regional and local fare including masala chai, samosa, upma, paneer tikka roll, and chocolate lava cake.

Jio-bp will offer a network of ***Express Oil Change*** outlets, in partnership with Castrol, at its *Mobility Stations*, providing free vehicle health check-up and free oil-change service through professionally trained experts. Every 2-wheeler customer buying Castrol lubricant at the *Express Oil Change* outlets will be able to avail of the oil change service at no cost.

In addition to these new value propositions, Jio-bp ensures end-to-end automation backed 'Quality & Quantity' assurance, giving each customer full value for every rupee spent at Jio-bp *Mobility Stations*. To create unmatched customer experience, exciting new value propositions such as dynamic pricing, instant discounts, happy hour schemes, implementation of flexible and uniform digital payment across the network are also in the offing.

About Jio-bp:

Jio-bp is an Indian fuels and mobility joint venture between Reliance Industries Limited (RIL) and bp. With the vision to become a solution provider of choice for mobility in India, the joint venture will leverage Reliance's presence across 21 states and its millions of consumers through the Jio digital platform. bp will bring its extensive global experience in high-quality differentiated fuels, lubricants, retail, and advanced low carbon mobility solutions.
